## How Four Words Changed Everything

In 2010, Dr. Alanna Bree was a successful pediatric dermatologist when she heard four unmistakable words from God. Stunned, and with only a mustard seed of faith, she listened as God's plans began to unfold in her life while fulfilling His mission of hope, healing, and love.

*A Children's House* is the miraculous true journey of how one doctor risked everything to follow a calling—with a passion to positively impact the lives of children and teens around the world who are affected by skin disease and birthmarks.

---

*"A personal, moving testimony illustrating God's grace. Dr. Bree takes you on a journey that will strengthen your faith. I couldn't put it down!"*

—DAVID STEVENS, MD, MA (Ethics),  
CEO, Christian Medical & Dental Associations,  
Author of *Servant Leadership*

*"Wherever Dr. Alanna travels, wherever she is set up to support the kids in her life, there will be love and beauty and laughs and inspiration and joy! It is such an honor to bear witness to the world through her stunning eyes."*

—RICK GUIDOTTI, Founder and Director, Positive Exposure,  
Author of *Change How You See, See How You Change*

**Alanna F. Bree, M.D.** is a board-certified pediatric dermatologist and owner of A Children's House for Pediatric Dermatology, where she specializes in holistic care for skin conditions and birthmarks in infants, children, and teens. She is also the founder and executive director of a non-profit organization, A Children's House for the Soul, which provides social, emotional, and spiritual support for affected children and families.
